As you recall, Vanessa has her own cosmetics business and answered “Yes” to self-employment income earlier in the interview process.

Sample Interview Clarifying Additional Taxes

SAMPLE INTERVIEW	
VOLUNTEER SAYS...	VANESSA RESPONDS...
<i>We determined earlier that you have your own cosmetics business and have self-employment income. Did you know that self-employment income is subject to social security and Medicare taxes?</i>	No, but that is good to know.
<i>I see that you checked “No” for tip income on your intake and interview sheet, but I still need to verify this information. Do you receive tips at your regular job or as part of your self-employment?</i>	No, not at all.
<i>Okay. Well, let’s move on then!</i>
